

Ghost of Tom

Have you seen the ghost of Tom?

Long white bones with the flesh all gone

oo

Would-n't it be chil-ly with no skin on?

Game

Select one friend to be the ghost of Tom. All other friends close their eyes while Tom hides somewhere in the room. The friends open their eyes and sing the song while walking around the room. If they find Tom, they quietly walk away so that when the chase begins they'll be far away! After the song ends, Tom comes out and chases all the friends!

Tom tags as many friends as he can. The last friend to remain untagged becomes the new Tom, and the game begins again.
