Folk Song

♩ = 110

Here we go, Zu - di-o, Zu - di-o, Zu - di-o,

Here we go, Zu - di-o, all night long.

2. Step back, Sally, Sally, Sally,  
Going down the alley all night long.

3. Here comes another one, just like the other one.  
Here comes another one, all night long.

## Game

All friends find a partner and make two lines, with partners standing across from each other. First verse: partners hold hands with Partner A crossing arms (arms held like an X). Sing and pull the left arm and then the right arm (softly!) to the beat. On the rest after "all night long", partners drop hands and clap while jumping back. There should now be an "alley" between the two lines, which are still facing each other.

Second verse: first person in partner A line makes up a dance move to do as they walk down the alley to the end of their line. They must be in their place by the end of the verse, when everyone claps on the rest.

Third verse: Partner B must copy what their partner did the verse before as they walk down to the end of the line! All friends clap at the end as before. The lines scoot up so that the next set of partners can take their turns.

Repeat verse one with actions, then verses 2 and 3 as before with the new partners. Continue until all have had turns.

Next time you play, make sure the partner Bs get to make up the dance moves!
