

Ladybug, Ladybug

$\text{♩} = 120$

La - dy - bug, La - dy - bug,
land on my arm,
La - dy - bug, La - dy - bug,
I'll do you no harm.

2. Ladybug, ladybug, land on my nose,
Tickle me gently with ladybug toes.

3. Ladybug, ladybug, land on my hand.
I'll wave you back gently to ladybug land.

Activity

Use a ladybug finger puppet or simply wiggle your hand like a ladybug in flight. As you sing, fly the ladybug around in the air until you sing where she should land. Begin the next verse with the ladybug flying around until she lands again. On the last verse, land the ladybug on your other hand and gently lift her back to "ladybug land". This is a sweet and gentle movement activity, and is wonderful for practicing control and gentleness.
