

# Mary Wore Her Red Dress

## Color Cards

Instructions: Print and cut out cards (card stock recommended). Make sure you also print out the free song card as well! (Ink friendly page located on the last page.)

Activity 1: First sing through the song as normal while showing the red dress card. Then sing through the song while showing another card, making sure to substitute the new color in the song instead of red.

Activity 2: Memory! Print out two copies of the two pages in color, and cut out. Flip the cards over and play memory as usual. When you make a match, sing the first verse of the song about the color you matched.

Activity 3: Cut-out seek & find. On the page with Mary in color but the dress in white, cut out the dress, bow, and shoes with an exacto knife. Then look around your house/school for colors and textures for Mary to wear! Sing about them.

Activity 4: Using either the same page as activity 3 or the ink friendly page, have your child(ren) design a dress for Mary!
