

Miss White Had a Fright

$\text{♩} = 100$
 $\frac{2}{4}$

Miss White had a fright in the mid-dle of the night,

saw a ghost eat-ing toast, half-way up the lamp - post.

Game

All friends sit in a circle. Select one friend to be Miss White, and they walk around the outside of the circle as the chant is said, walking to the steady beat. Whoever Miss White ends behind at the end of the chant becomes the ghost, who then chases Miss White (who is quite frightened!) back to the open spot in the circle.
