

My Nice Red Rosy Apple

$\text{♩} = 60$

My nice red ro - sy ap - ple has a se - cret hid un - seen,
You'd see, if you could look inside, five rooms so neat and clean.

The musical notation is written on two staves. The first staff begins with a treble clef, a key signature of one flat (B-flat), and a 2/4 time signature. The tempo is marked as quarter note = 60. The melody consists of eighth and quarter notes. The second staff continues the melody, ending with a double bar line and repeat dots.

2. In each room there are hiding two pips so black and bright.
Asleep they are, and dreaming of lovely warm sunlight.

3. And sometimes they are dreaming of lovely things to be,
How soon they will be hanging upon the autumn tree.

Activity

As you sing the song, (an adult should) cut a real apple to reveal the hidden star within. After singing, slice thin slices down the apple so that each child can have their own star shape in the middle of their slice to eat around and enjoy. Pictures of the star in an apple could also be revealed at the end of the song.

You could also create simple hand actions for this song, like holding an apple, shhhing like a secret, binocular hands, and holding up 5 fingers for the first verse. Would you do for the other verses?
