## Game

Play with friends or a teddy bear!

To play with friends, all friends sit in a circle. One friend is chosen to act like the Teddy Bear, standing in the center. Everyone sings as the "it" friend pantomimes the actions in the song. On "That will do", the "it" friend closes their eyes and sounds in place with their punter extended. On the word do, they stop and whoever they stopped in becomes the next "it". Play begins again.

To play with a Teddy Bear, the sits with the Teddy Bear and helps their furry little friends do the actions in the song as they sing.
